

has invested over \$140 million in its physical plant, employing many local craftsmen and laborers. In addition to investing in the local economy and construction, the university invests significantly in its students, with over \$28 million of university funds budgeted for need-based, merit-based or talent-based awards. This contribution has produced an alumni which has made a lasting impact on America, with 45,000 alumni currently contributing to the betterment of society throughout the world.

The University of Redlands' commitment to community outreach is seen most noticeably in its students' service and contributions. Over 80,000 community service hours are provided annually by University of Redlands' students to help meet local, national and international needs. Meeting these needs has been a fundamental tenet in the university's educational philosophy for many years, as it was one of the first educational institutions in the Nation to require community service as a condition for graduation.

On its centennial, the University of Redlands looks back on a proud history of growth and contribution in inland California and the world. I applaud the service and dedication of the faculty, staff, and students of the University of Redlands as they celebrate 100 years of improving lives and education.●

TRIBUTE TO BRIAN UNITT

● Mrs. BOXER. Mr. President, today I wish to recognize inland southern California attorney Brian Unitt as he receives the San Bernardino County Bar Association's Florentino Garza Fortitude Award. Mr. Unitt is a community leader and an example to us all.

The Florentino Garza Award is given to exceptional individuals who overcome significant obstacles and achieve success in the legal field. This prestigious award takes its name from inland attorney Florentino Garza, who overcame a childhood as an orphan and a life as a migrant farmworker to graduate from college and law school and eventually gain prominence in the legal profession.

Today I recognize the exceptional work of Brian Unitt, who has overcome blindness to achieve outstanding success in the legal field. Brian Unitt was diagnosed with retinitis pigmentosa at a young age. This debilitating condition begins with a degeneration of cells in the eye's retina, producing reduced vision and eventual loss of sight.

Brian Unitt received his law degree from the University of California, Davis, in 1983. Throughout his undergraduate years and in law school, he took class notes in Braille using a slate and stylus, and he typed examinations using an electric typewriter. He passed the California State bar examination on his first attempt and began practicing law shortly thereafter in Riverside, CA. In 1996, Brian Unitt became partner at that same firm, now known as Holstein, Taylor, Unitt and Law.

As an attorney, Mr. Unitt practices personal injury law, focusing particularly on appellate work. His experience and dedication over the years has allowed him to be a tremendous advocate for injured individuals, assisting others who have suffered a physical loss. Other attorneys who have had the opportunity to know or work with Brian Unitt have described him as "brilliant in his legal work," "a true scholar of the law," "a superb lawyer," "a wonderful, wonderful, brilliant plaintiff's attorney," and "civil, professional, and ethical."

Today I salute the life and service of Brian Unitt. His life story is a true portrayal of a man who overcame tremendous physical adversity to assist others in their battle with physical adversity. I applaud Brian Unitt and look forward to what I hope will be many years of service to the people of inland California. Please join me in honoring a true hero.●
